

Fireworks Regulations and Safety Information

FIRE DEPARTMENT

Fireworks Regulations and Safety Guidelines

Permitted Fireworks (June 29 - July 5 only)

Ground-based fireworks including fountains, sparklers, and smoke devices are permitted for personal use. Hours: 10AM-11PM (extended to midnight on July 4th).

Prohibited Fireworks (Always Illegal)

Aerial fireworks including rockets, mortars, roman candles, and firecrackers. Possession or use results in \$500 fine and confiscation.

Safety Requirements

- Use fireworks only on private property with owner permission
- Keep water hose or bucket nearby
- Maintain 50-foot distance from structures and vehicles
- Never point or throw fireworks at people or animals
- Dispose of spent fireworks by soaking in water
- Adult supervision required for all fireworks use

Burn Ban Alert

All fireworks prohibited during declared burn bans due to drought conditions. Check fire ban status at firedept.gov/burnban

Report violations: 911 (emergencies) or (555) 234-FIRE (non-emergency)
